Product gallery:

A close-up photograph of a metal door handle and latch assembly. The handle is a silver-colored, cylindrical knob with a textured grip. It is mounted on a dark, possibly black, rectangular plate. The latch mechanism is visible, showing a silver-colored metal body with a small, circular keyhole. The handle is positioned on the right side of the door, and the latch is on the left side. The door itself is a light-colored, possibly white or off-white, material.
